Congratulations and best wishes to all the 2010 graduates on the college, high school and grade school leavers from our parish. To graduate means to "take a step". Those who are graduating have completed courses of studies at their schools. Graduating marks the end of formal education but it does not mark the end of learning. No matter how old we get, there is always more to learn about God, others, ourselves and the world. I pray that all you graduates will continue to grow in wisdom and understanding all the day of your lives.
