**Update on Sisters' House:** Several members of the parish were busy this past November and December working on the sisters' house. Work included reglazing and painting window frames, replace old siding from east porch; scraping guttering, soffit and repainting, replacement of two attic windows (new built by Brad Lueger). Although the work is not complete, more than 130 hours have been donated to the project. Any building requires periodic maintancne and upkeep and the sisters' house is no exception. Due to height and inaccessibility of the upper sections, Eric Bergman Construction was hired to assist with some of the work. **Donations to the project are welcome** to offset the cost of the material, paint, caulking an labor. Please mark "Sisters' House" on any donations. Thanks again to the maintenance committee and others who have helped with this project.
